

IPB 2 Spam Bots

Version 1.1.0 Final

May 1, 2005 – Written By: [cooldude7273](#)

What is a Spam Bot?

Have you wondered why IPB has the option to make members enter a random 6 digit code while registering? It is to keep "spam bots" from registering. The purpose of spam bots is to well, spam your forum. I recommend you enable this option to enter the random six digit code, but you can also use this list to detect, display, and log activities on spam bots on your forums.

ChangeLog v1.1.0 Spam Bots:

- Now in .rtf and .pdf fomats!
